Conserve Energy During Solar Eclipse

August 21, 2017

On August 21, 2017, a partial solar eclipse will travel across California, obscuring between 60 and 76 percent of state from the sun. The reduction in solar radiation will directly affect the output of both large scale photovoltaic (PV) electric power plants and rooftop solar. The City of South Lake Tahoe is partnering with the California Public Utilities Commission in support of reducing electrical usage on August 21st during the solar eclipse as part of the "Do Your Thing for the Sun" campaign.

Californians can participate by taking the [pledge](#) and doing one of the following things;

PLEDGE TO DO ONE THING – Residents, businesses, visitors:

1. Turn air conditioning thermostats up 2 to 5 degrees
2. Shut down at least 3 power strips
3. Avoid charging electric vehicles or bikes/scooters between 9 am and noon on 8/21
4. Turn off unnecessary lights.
5. Avoid charging electronic devices between 9 am and noon on 8/21
6. Unplug appliances not in use during the eclipse (e.g., toasters, microwaves, TV, printer, fax machine, copiers, etc.)
7. Replace your light bulbs with LEDs
8. Keep doors closed to prevent conditioned (cooled) air from escaping

California Energy Standards Residential Review Course for Contractors
August 25, 2017, 8am-12pm

The City of South Lake Tahoe's Development Services Department invites you to attend the 2016 Building Energy Efficiency Standards on Friday, August 25th, 8:00am-12:00pm. There is no registration fee to attend this course, it is being offered for FREE.

This course will provide an overview of the requirements of the 2016 Building Energy Efficiency Standards for newly constructed residential buildings. Topics to be covered will include envelope, lighting, mechanical, water heating, among others. This course will identify compliance triggers, how to verify compliance at permit, and which measures and efficiencies to verify at final inspection. There will be an emphasis on new requirements for 2016. Resources available to assist with compliance with and enforcement of the Energy Standards will be highlighted. Register online at <https://www.facebook.com/events/455902108111055>
