Parks, Trails & Recreation Master Plan Documents Available for Review

South Lake Tahoe, CA (October 21, 2015) – The City of South Lake Tahoe and El Dorado County have created a new Parks, Trails & Recreation Master Plan for the Lake Tahoe South Shore areas. The Master Plan represents a coordinated effort to align recreation resources and obtain community support to enhance recreation facilities and services. The Master Plan provides direction for enhancing recreation opportunities for residents and visitors by increasing collaborative efforts and focusing resources where they are most needed. The Master Plan contains recommendations and strategies to improve existing operations, services, and infrastructure, as well as to acquire and develop new parks and facilities when funding allows.

The Draft Initial Study and Mitigated Negative Declaration and Notice of Availability for the Recreation Master Plan have been posted on the City's website at www.cityofslt.us/recmasterplan. The two documents are available for public review and comment between October 21, 2015 through November 20, 2015. The documents are also available for review at the Services Center located at 1052 Tata Lane, South Lake Tahoe, CA 96150.

The Planning Commission will be hosting a public hearing on November 12, 2015 at 3:00pm in the City Council Chambers located at 1901 Airport Rd., South Lake Tahoe CA. to solicit public comments on the environmental analysis and provide their own comments.
